

# Short piece for ck ensemble

Composed 2015-01-02

Lekro

Andante (♩ = 60)

Violin

Trumpet

Viola

Piano

## Historical note

In 2015, Lekro, ausxh2004, GigaEkratz, and TheVelo started an online musical group, the **CubeKrowd Ensemble**, on the CubeKrowd Minecraft server. The group's plan was to record parts of chamber music and put them together. Coordination was done in-game, via the old CubeKrowd Forum, and via IRC.

This short score was prepared as a brief test to see how well this idea could work. GigaEkratz left the server before submitting the viola part, but the other parts were gathered and dubbed together with a synthesized viola. Velo played the trumpet part and Aus played the piano. I was on the violin. The timing worked out pretty well.

Unfortunately, the ensemble did not continue with any more music later. I can't remember what happened, but no further plans were made at all. There is still a treble clef with CK Ensemble text on my first plot in CK Creative.
